

3001

TLO with functional and flexible design

Glamox® | Heating

Description

The 3001 TLO is a functional and flexible radiator, just 180 mm tall. The functional design enables it to rapidly heat the room.

Available in several versions from 250W to 1400W.

Designed for use in homes and businesses.

Minimum dust burning

Minimal dust burning due to the large surface cooling of the element. It has no sharp edges and has a smooth, durable surface. Protected against overheating.

Cover over thermostat prevents accidental change of temperature (optional extra).

Easy-clean surface

Can be easily detached from the wall bracket at the top and tipped forward to make cleaning easier.

Technical Description

Materials and paint:

Painted surface in white RAL 9010.

Max. 90°C temperature on exposed surfaces.

Overheating protection with automatic reconnection.

Upper wall mounting can be detached and tipped forwards to simplify cleaning.

Connection:

Supplied with cable and plug which can either be connected to the connection box supplied for fixed installation, or plugged straight into a socket.

Thermostat:

Suitable for "plug-in" thermostats which can be ordered separately.

Installation:

Supplied with wall bracket for mounting on wall and connection box for fixed installation. Connection box can be moved sideways.

Dimensions TLO
